ACTAR

## 1. BIOGRAPHY

Lance Cook is an ACTAR-certified traffic accident reconstructionist with over twenty years of experience in traffic crash reconstruction and highway traffic safety. Lance addresses issues regarding highway safety, signage, and control devices. In 2022, Lance received the *J. Stannard Baker Lifetime Achievement in Highway Safety* award from the International Association of Chiefs of Police. Additionally, Lance has received recognition from various professional organizations for his outstanding achievements and Contributions to traffic safety.

Lance has qualified to testify as an expert in traffic crash reconstruction and has specialized professional competencies in various aspects of traffic crash reconstruction including vehicle forensics, crash data retrieval, using UAVs, drones, and 3D laser scanners for documenting crash scenes, heavy truck reconstruction, heavy vehicle event data recorder (HVEDR) use in traffic crash investigations, and many more. See section Specialized Training for a complete list.

Lance holds a master's degree in administration and a graduate certificate in public administration both from *Central Michigan University*, as well as a Bachelor of Arts from *Saginaw Valley State University*. Lance is a program developer and presenter for multiple regional police training academies and was a program developer and presenter for Highway Traffic Safety at the *Michigan State University, Department of Civil and Environmental Engineering*. Furthermore, Lance is an adjunct faculty at the *Central Michigan University*.

Lance is affiliated with various organizations in the traffic collision space including but not limited to the *Association of Transportation Safety Information Professionals, Commercial Vehicle Safety Alliance, International Association of Accident Reconstruction Specialists, National Association of Traffic Accident Reconstructionists and Investigators, and Professional Society of Forensic Mapping*.
